GENERAL INFORMATION, RULES AND INSTRUCTIONS

"GADGETS" MAY HARM SERVICE—In the interest of good service, please avoid the use of "gadgets." They are more likely to interfere with telephone service than improve it, and the Company must reserve the right to remove any unauthorized equipment or devices in the interest of maintaining good service.

PARTY-LINE COURTESY PAYS—If you are on a party line, remember that consideration among those on the line will be appreciated by all.

These suggestions will help you obtain the best service:

Listen for a moment to make sure the line is clear before you call, so you won't interrupt a neighbor's call. Replace the receiver quietly if the line is in use. Keep calls to a reasonable length, and avoid consecutive calls when it is evident that others are waiting.

YOUR TELEPHONE NUMBER—We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change telephone numbers, and we will not do it unless it's absolutely necessary.

HOW TO AVOID WRONG NUMBERS—If you are not sure of the number you wish to call, please look in the directory. Make a list of frequently-called numbers and keep it up to date. Depend on your memory only for those numbers called regularly and of which you are certain. Make a note on the page facing the inside back cover of this directory of numbers furnished by "Information" for future reference.

In case of repairing buildings, or moving buildings that will come in contact with telephone property, please give manager 48 hours notice so as to enable the company to arrange to take care of same.

Under no condition leave receiver off hook except while talking.

The company will not be responsible for errors in the directory, or errors in operating long distance calls.

No rentals will be refunded unless telephone has been installed over three months.

There will be a charge made for breakage to telephones beyond the natural wear and tear of the instrument.

Do not place anything on top of the phone where it is apt to come in contact with the binding posts on top of the phone.

The company will not be responsible for damages done to radio sets caused by lightning jumping from lines to aerials, or from instruments to radio set in buildings, especially in the same room for it is dangerous and lightning cannot be controlled.

Rebates allowed in cases only where your telephone is out of service more than 10 days.

Profane language used toward the operator while trying to serve you will be prohibited. In such cases, phones will be removed when right party is discovered.

LONG DISTANCE CALLS

When the Operator answers give her your telephone number and details of the call, stating which of the following classes of calls you wish to make:

STATION-TO-STATION CALL (When you will talk to anyone at the telephone called.)

PERSON-TO-PERSON CALL (When you want to talk to a particular person.)

APPOINTMENT CALL (When you want to talk to a particular person at a specified time.)

MESSENGER CALL (when it is necessary to send a messenger to summon the particular person called.)

When the Operator acknowledges the details of your call, hang up the receiver and await the completion of the call.

"REVERSED CHARGES." Charges will be billed to the telephone called on "Station-to-Station," "Person to Person," "Appointment" or "Messenger" calls, if you request this when placing your call and the person agrees to pay the charges. "Reversed charges" will not be accepted at the "Station-to-Station" rate where the rate is less than 20 cents.

TO OBTAIN THE RATE TO ANY PLACE CALL OPERATOR.

STANDARD TOLL NIGHT RATES. The following reduced rates for night service on "station-to-station" basis only are effective.

If you wish to be advised of the charge on a message at the close of a conversation, notify the Operator when you place your call.

7:00 P. M. to 4:30 A. M.—Night Rate—about one-half of the "Station-to-Station" day rate. Also reduction of rates which apply all day Sunday.

TELEGRAMS BY TELEPHONE

You may telephone, telegrams to the Western Union Telegraph Company. The telegraph charges will be charged to your telephone account, or if from a public pay station, then the charges for telegrams can be deposited in the coin box.
