WHITESTOWN, INDIANA

Long Distance Calls

TYPES OF CALLS

Station-to-Station Calls

Station-to-Station calls are to anyone at a particular telephone number. These rates are lower than Person-to-Person calls. Charges begin when called number answers. For best results place calls by telephone number.

Person-to-Person Calls

(From One Person to Another)

A person-to-person call is one on which you want to talk with a particular person; or with a particular department reached through a private switchboard, or with a hotel room.

The charge is higher than a station call. Timing of the call begins when you are connected with the person or extension you called.

In placing a person-to-person call, it is necessary for you to give the long distance operator the name of the person or department you wish to reach. Otherwise, you place the call in the same manner as a station call.

Collect Calls

If the charges on the call you are placing are to be paid at the distant telephone, tell the operator that it is a "collect" call. The charges, if accepted at the distant telephone, will be billed to that telephone.

Telegrams by Telephone

You may place telegrams with the Western Union Telegraph Company, over your telephone and through an arrangement with the Telephone Company the charges will appear on your telephone bill.

Long distance rates

Day Rate	Mon.-Fri., 4:30 am to 6:00 pm
Evening Rate	Mon.-Fri., 6:00 pm to 8:00 pm and Sat. 4:30 am to 8:00 pm
Night Rate	Mon.-Sat., 8:00 pm to 4:30 am and Sun. any time

When night rates are in effect, you can call anyplace in the United States, except Alaska and Hawaii, for \$1 or less and anyplace in Indiana for 40¢ or less.

These rates are for the first three minutes and do not include tax.

Conference Calls

You can talk from your telephone simultaneously to a number of telephones anywhere. You need no special equipment—the rates for conference service are reasonable. Just ask the long distance operator for the Conference Operator and give her the details of your call.

International Service

Telephone service to many foreign countries and a number of ships at sea, or in harbors, and on the Great Lakes is available. For this service, give complete information to your Long Distance operator.

Federal Tax

The Federal Revenue Act imposes a tax on charges for both local service and for long distance messages. The amount of these taxes, and the rates imposed by law, are included in your monthly statement.

Directories

Directories are furnished to the customer by the Telephone Company as an aid to service and remain the property of the Telephone Company.

The Telephone Company assumes no liability whatever for damages arising from errors or omissions in the making up or printing of this directory.

However, the utmost care is used in listing all customers correctly.

Any errors in the customer's listing should be reported to the Business Office.

No binder, holder or auxiliary cover of an advertising nature shall be used in connection with this telephone directory.

INDIANA STATE LAW CONCERNING USE OF PARTY LINES IN CASES OF EMERGENCY

A Statute enacted by the 1955 Indiana Legislature makes it unlawful to misuse party line telephone service in cases of emergency. An emergency is defined in the law as "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential." The law, in part, reads as follows:

Section 2. It shall be unlawful for any person using a telephone on a party-line to refuse to yield such party-line when requested to do so, to any person who wishes to place an emergency call from a telephone on such party-line. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Section 3. It shall be unlawful for any person to obtain the use of a telephone on a party-line by falsely alleging the existence of an emergency. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

SPECIAL INSTRUCTIONS WHEN REPORTING A FIRE IN WHITESTOWN

Your community is served by a volunteer fire department

In as much as there is not a full time fireman to take incoming calls or fire reports, the telephone company provides and leases to the fire department a fire reporting system that operates as follows.

When the fire number has been dialed, common equipment in your telephone office is seized, and in turn rings all members of the fire department at one time.

Should a fireman be on a party line and his line be busy when an emergency is reported, a loud intermitting tone will come over the conversation, warning the parties that a fire is being reported, when they discontinue their conversation, the fireman's phone on that particular line will ring.

When you report a fire or an emergency to the fireman, he will in turn relay this information to other firemen on the line, so he must have all of the proper information from you.

WHEN REPORTING A FIRE FROM YOUR TELEPHONE

Dial the fire reporting number listed for your community

After dialing the fire number wait until one or more firemen answer; give them all of the information pertaining to the fire location and your name.

DO NOT HANG UP Until they have all necessary information.

SUBSCRIBER ON A FIREMAN'S LINE

You will be notified by the telephone company if you share a party line with a fireman.

REPORTING A CALL FROM A FIRE LINE

When reporting a fire or emergency from a line which is shared by a fireman or from a fireman's phone, you should proceed as follows:

Dial the listed fire reporting number

The fact that you are reporting from a line which has a fireman on it you will automatically receive the same loud intermitting tone that you would receive if you were talking on your line when a fire or emergency was reported.

To eliminate this, after dialing the fire number merely replace your receiver hand set momentarily then pick it up, you will not be disconnected from the fire reporting system by this action the tone will be gone, and you may complete your report to the fireman on the line.

Long Distance

HOW TO USE DIRECT DISTANCE DIALING

The United States and Canada are divided into more than 100 telephone areas, each identified by a three-digit area code. This system makes it possible for you to have Direct Distance Dialing. With DDD, you can dial your own station-to-station calls, when the number you are calling has either two letters and five numerals or seven numerals. For other types of calls and calls from coin telephones, dial "Operator."

If you know the area code and number

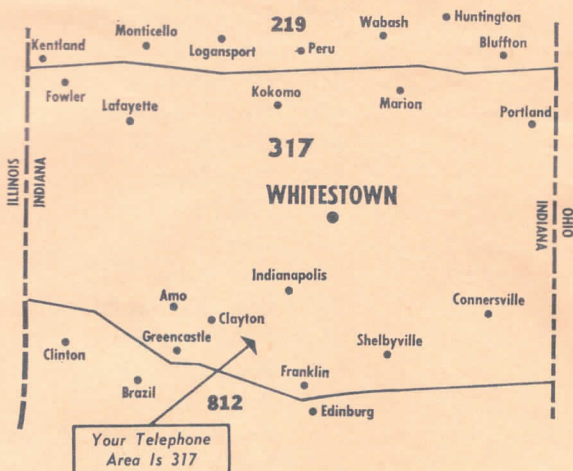

If you don't know the area code or number

1 ON CALLS INSIDE THE 317 AREA

DIAL 1 and then the TELEPHONE NUMBER.
We won't dial area code 317

1 HOW TO GET THE AREA CODE

A partial list of places you can dial direct and their area codes are shown on page 3. If the place you want is not listed, dial "Operator" and ask her if it can be dialed.

2 ON CALLS OUTSIDE THE 317 AREA

Dial 1 and then the appropriate AREA CODE and the TELEPHONE NUMBER.

2 HOW TO GET THE NUMBER

If you don't know the out-of-town number, you can dial the Information Operator serving many distant places—those shown on page 3—without charge. Dial 1, then the area code (if it is different from the one for the telephone you are using), then 555-1212. When the Information Operator answers, first give her the city or town, then the name and address you are calling.

3 GIVE THE OPERATOR YOUR NUMBER WHEN SHE ASKS FOR IT

Before the called telephone rings, an operator will ask "Your number, please?" Be sure to give her the number from which you are calling.

If the place you are calling is not starred, dial "Operator" and ask for Information in the distant city.

4 IF YOU REACH A WRONG NUMBER

—dial "Operator" immediately and tell her what city you reached so you will not be billed for the call.

3 DIAL THE CALL, FOLLOWING INSTRUCTIONS IN LEFT COLUMN

IF YOU NEED ASSISTANCE, DIAL "OPERATOR." SHE WILL BE GLAD TO HELP YOU.

An Extension Line saves  and

The savings of time and steps are important considerations in today's active and busy households. That's why thoughtfully located telephone jacks are so important in a well-planned home. You'll enjoy your phone even more with convenient workroom extensions.

Classified Telephone Directory

The Classified Telephone Directory is published for the benefit and convenience of our subscribers. Each business subscriber is given one listing under one general classification without cost. Additional listings under other classifications may be obtained for a nominal charge by making written application such additional listings are identified in this section by an asterisk (*) shown at the left of the extra listing telephone number.

The telephone company and the publishers of this directory assume no liability whatever for damages arising from errors or omissions in making up or printing this book. The utmost care is used, however in listing all subscribers correctly.

All subscribers (both residence and business) are listed alphabetically on the preceding white pages. The following pages (yellow) list only those who pay a business rate.
