That these petitioners have caused an accurate survey and map to be made of the real  
 estate above described by the surveyor of Boone County, Indiana and a census to be pre-  
 pared, exhibiting the name of every head of a family residing within such territory and  
 the number of persons then belonging to such family and every real estate owner re-  
 siding within such territory and owning real estate therein duly verified as provided  
 by law that such survey may and census have been left at a convenient place within  
 said territory, to-wit: Clyde O. Laughner's Drug Store for examination by all persons  
 therein interested.

Said petitioners further say that the territory above described includes the  
 unincorporated town of Whitestown, which has been in existence for many years; that

it will be to the best interests of all persons residing within said territory to incorporate said town.

Wherefore, these petitioners pray that an election be ordered to determine whether or not said town should be incorporated as a municipal corporation under the laws of the State of Indiana and that they have all other proper relief in the premises.
