Whitestown Citizens Telephone Company

Share and Share Alike

Party line subscribers who are willing to "share and share alike" find most of their party line problems are solved. That means—

Keeping conversations reasonably brief—some one may be waiting to call out or in—on your line.

Allowing intervals between calls.

Replacing the receiver properly when finished.

Ring off—Replace the receiver and give one short ring after each use of your telephone. This signals the operator so she can free the line for other calls and also assists her in the proper timing of your long distance calls.

Such thoughtful consideration assures everyone on the line a fair portion of its use—and a more prompt and efficient party-line service. It pays to be thoughtful.
